

MY PRIORITIES

Lower Costs for Families:

Lower gas prices in California, fight inflation by ending wasteful government spending, lower taxes for working families, and support small businesses by cutting excessive and “crazy” regulations.

Fix Immigration & Protect Law-abiding Families:

Enact practical reforms that fix our broken system while protecting law-abiding immigrants and their families.

Improve Healthcare Access:

Introduce practical healthcare solutions, with input from healthcare experts and advisors, to better serve immigrants, working families, and veterans.

Strengthen Education and Patriotism:

Support the expansion of JROTC to every high school and ROTC to junior colleges. Provide opportunities for annual educational visits to Gettysburg and Pearl Harbor for students.

MY PRIORITIES

Empower Parents & Protect Children:

Restore parental rights in children’s education. Keep men out of women’s and girls’ sports and bathrooms.

Defend Our Values:

Uphold Catholic and Christian values that strengthen families and communities.

Stop Overdevelopment:

Block new BESS facilities, massive data centers, and giant warehouses that harm our neighborhoods and quality of life.

Support Veterans & National Security:

Put veterans first with better medical and mental health support. Protect the Second Amendment by targeting criminals (not law-abiding owners) who misuse dangerous modifications like “Glock switches.”

Fight Fraud & Waste:

Dr. Casas will aggressively investigate the BILLIONS OF DOLLARS in Medicare / Medicaid fraud in California.

DR. PEDRO ANTONIO CASAS, PH.D

COLONEL, U.S. ARMY (RETIRED),
LICENSED CLINICAL / FORENSIC /
AEROMEDICAL PSYCHOLOGIST

ABOUT ME

I was raised in Baldwin Park as one of eight siblings and am the proud son of immigrants from Zacatecas, Mexico. Growing up in a hardworking family taught me the values of faith, service, sacrifice, and perseverance.

For 29 years, I proudly served our nation with national security and Top Secret clearances, working with the Pentagon, FBI, and NSA. I am honored to be the highest-ranking military officer ever to come from Baldwin Park. I served as a combat commander in Afghanistan and led behavioral health programs supporting our service members.

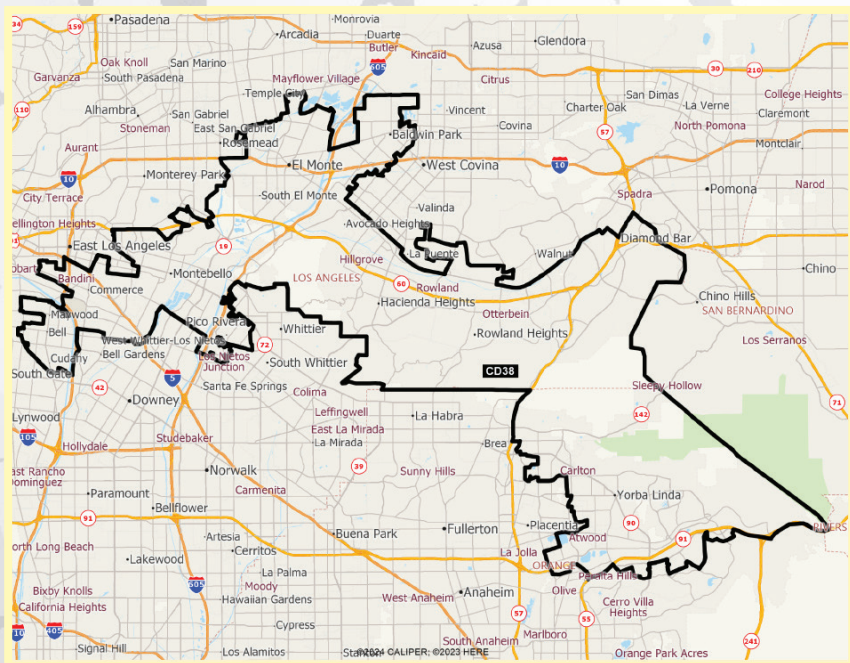

As a licensed clinical / forensic / aeromedical psychologist, I have dedicated my career to helping veterans, immigrants, victims of violence, and families in need. I am running for Congress to fight for safer communities, stronger families, quality education, and accountable leadership that puts people first.
